WHO USES US AND WHY

FLS speaks with an average of over 40 mortgage professionals every day. We review and investigate a client's credit report and then remove derogatory information, resulting in an improved FICO score. Their improved FICO score will then help the mortgage broker get their client's loan approved and the deal closed. Our services will save the broker time and energy that is often lost from unqualified clients.

Mortgage Brokers

FLS offers credit research, verification and mediation services for mortgage companies and other real estate and financial professionals. Our services contrast common credit repair on many levels. We understand and can outline the dynamics of the credit-scoring matrix. We use our expertise to investigate and verify disputable accounts appearing on a client's independently issued credit report.
